

## Preface

### Purpose and Scope

This field manual gives the single-channel radio operator a reference for cabling, operating, remoting, and troubleshooting single-channel radio teletypewriter sets and the power generating sets used with them. This manual is a ready reference for some basic radio communications procedures. It is designed for carrying in the pocket. The information is detailed only to the extent needed as a quick reference for day-to-day operations. For more complete details, refer to the respective TM, ACP, or FM.

### User Information

The proponent of this publication is HQ TRADOC. Your comments on this publication are encouraged. Submit changes for improving this publication on DA Form 2028 (Recommended Changes to Publications and Blank Forms) and key them to pages and lines of text to which they apply. If DA Form 2028 is not available, a letter is acceptable. Provide reasons for your comments to ensure complete understanding and proper evaluation. Forward your comments to Commander, United States Army Signal Center and Fort Gordon, ATTN: ATZH-DTL, Fort Gordon, Georgia 30905-5075.
